## **No Travel Advisory lifted northwest North Dakota and Minot area; Travel Alerts remains in effect for these areas**

The North Dakota Department of Transportation (NDDOT) and the North Dakota Highway Patrol (NDHP) have lifted the **No Travel Advisory** for Williams, Divide and McKenzie counties, but has issued a **Travel Alert** for the northwest region of the state due to areas of poor visibility, snow covered roadways and icy conditions. The **No Travel Advisory** for areas surrounding the cities of Minot, Bottineau, Harvey, Parshall and Kenmare has also been lifted. A **Travel Alert** has been issued for this area due to poor visibility, snow and slush covered roadways and icy conditions.

A **Travel Alert** is also in effect for central North Dakota north of Interstate 94 due to slush and snow covered roadways turning to ice as temperatures drop. This system is moving to the east. **Motorists can still travel**, but are encouraged to use extreme caution, reduced speeds and drive according to the conditions.

For road information, call 511 from any type of phone or go to the website: [www.dot.nd.gov](http://www.dot.nd.gov).

NDDOT releases information to inform the public about travel conditions throughout the state. The three categories are as follows:

1. **TRAVEL ALERT** – Motorists can still travel but may encounter areas of challenging winter weather driving conditions on roadways. Motorists should allow extra time to reach their destination and be alert to conditions that may make travel difficult, change rapidly, or cause travel delays. A TRAVEL ALERT has the potential to change to a NO TRAVEL ADVISED if conditions deteriorate.
2. **NO TRAVEL ADVISED** – Motorists should not travel due to hazardous conditions which may make it unsafe to travel. Snow plows may be pulled from the roads during severe conditions. Motorists should take NO TRAVEL ADVISED seriously as those motorists who choose to travel at their own risk may become stranded and emergency responders may not be able to reach them safely. A NO TRAVEL ADVISED has the potential to change to a ROAD CLOSED OR BLOCKED if conditions deteriorate.
3. **ROAD CLOSED OR BLOCKED** – Motorists are not allowed to travel on a closed road due to life threatening conditions. The road may be impassible or blocked. Motorists who drive past a road closure device may be fined up to \$250.

Please be advised that road condition information on 511 and the travel map is updated daily from 5 a.m. until 9 p.m. CDT. The road report is based upon the information available to the NDDOT at the time of preparation and is provided solely as a public service. Conditions may vary from those reported.

If you become stranded, motorists should stay with their vehicle and call 911 for emergency assistance.
